From the San Andreas Medical Services

Closure of Eclipse Medical Center

On December 28th, 2022 - Eclipse Medical Center burnt to the ground due to currently unknown causes. As of January 17th, 2023 Police are still investigating the cause. Search teams have been hard at work cleaning the rubble and searching for survivors. All ICU patients and ER patients at the time of the fire were accounted for outside the building. Three people had been found within the building after its collapse. As of January 17th there has been 1 casualty due to injuries relating to the collapsing of the building. 14 people suffered smoke inhalation or other injuries relating to the fire. Updates to the situation of the Police investigation can be found on Weazel News website.

Opening of Pillbox Medical Center

As of December 29th, 2022 - Eclipse Medical Center has rebranded to San Andreas Medical Services or SAMS and are proud to announce the opening of Pillbox Medical Center located off of Elgin Avenue and Strawberry Avenue. This new facility will allow us to better serve the people of San Andreas. The central location allows quick access to the best medical service San Andreas has to offer no matter where you are in the state with quick access from both Del Perro Freeway and Los Santos Freeway.

Pillbox Medical is equipped with two Emergency Rooms and four Operating Rooms two on each floor decreasing wait times and the need to reroute to Sandy Shores Medical Center in the event of a bypass. Our ICU has beautiful big windows flanking either side of the wing allowing for natural light to enter. Emergency Lanes can be found on both sides of the Hospital. Allowing for quick drop off patients. One of our Emergency Rooms the Trauma ER located on Level 1 allows for private treatment without the disturbance of someone in the bed beside with lockable doors to keep patients safe from possible incidents with in the Hospital

Our second Emergency Room Located on Level 4 also used as our Post-Op room can quickly be converted into a fully Operational Emergency Room on par with that of Eclipse Medical Center, leaving our Staff able to help you more efficiently in one medical location without the need for rerouting to another Hospital.

Pillbox Medical Center was officially opened to the public December 29th, 2022!

In Memory of Doctor Echo Hale.
