

SAN ANDREAS STATE POLICE

Respect, Integrity, Professionalism and Excellence

FROM THE OFFICE OF COMMISSIONER OF THE STATE POLICE

Date:
April 8th 2024

FOR IMMEDIATE RELEASE

Mission Row, SA - We are excited to announce a massive step towards the future of the department. With the recent passing of H.R. 330 - The State Trooper Act of 2024, The San Andreas State Police have been officially recognized as a main department of law enforcement within the State of San Andreas. This legislation has positioned the SASP alongside other law enforcement agencies like the Los Santos Police Department and Blaine County Sheriff's Office.

In light of this milestone, the San Andreas State Police is excited to unveil our new headquarters located at the Mission Row Station. This new station is equipped with the tools and resources we need to perform our duties effectively and efficiently. This building gives us the ability to have an open lobby, something that our previous station did not. This will allow us to take citizen's requests, assist with issuing licenses, and help people with FOIAs. The station will also be equipped with a press room and we have plans to make use of this room in the future. It may be important to note that Vinewood Police Department is still the main LEO headquarters in the state and most cases where people need assistance will be better handled there.

As we embark on this new chapter, the San Andreas State Police remain committed to creating and keeping a positive relationship with the community. We are dedicated to bettering the transparency, accountability, and excellence in all of our operations. Our vision is not only to continue upholding the highest standards of law enforcement but also to serve as a role model for other law enforcement agencies.
